Bespoke Design Library

Grosvenor Wilton is one of the country's oldest carpet manufacturers, with a prestigious history of over 200 years. Founded in Kidderminster in 1790 by Benjamin Grosvenor.

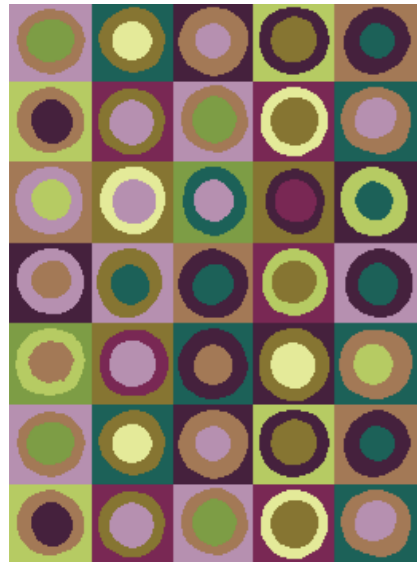

Using traditional Wilton looms, Grosvenor Wilton carpets can be created to precise, bespoke specification. Our worsted Wilton and woollen spun qualities are offered in both cut or loop (Brussels). As well as traditional 100% wool carpet, Grosvenor Wilton also make carpet from an 80% wool, 20% nylon mix which offers superb durability. The 10 pitch looms provide enhanced design definition with excellent colour reproduction.

Beautiful and durable traditionally woven narrow Wilton Velvet and Brussels Wilton loop pile carpet can be made to any size using widths of 0.69m or 0.91m to create stair runners, bordered rugs, chlidema panels and wall to wall carpet installations.
